

2024 WEBINAR PROSPECTUS

Coming this Fall, SACUBO Webinars!

SACUBO webinars are a new opportunity for CPAs to earn continuing education credits throughout the year. Webinars are a great option for institutions that cannot afford to send multiple individuals to conferences, for those who prefer not to travel, and CPA's who need additional CPE credits. SACUBO is seeking Business Partners to share their strategies and showcase solutions to the issues higher education professionals face today.
